# Types of Languages

**Scripting** Python

**Systems** Rust

*I'm always delighted by the light touch and stillness of early programming languages. Not much text; a lot gets done. Old programs read like quiet conversations between a well-spoken research worker and a well studied mechanical colleague, not as a debate with a compiler. Who'd have guessed sophistication bought such noise?*

*— Dick Gabriel*

**Go**

---

# Hello, World!

```
package main
import "fmt"
func main() {
    fmt.Println("hello world")
}
```
